VTECH ANNOUNCES 2015 MMI RATING

We are pleased to announce that the Manufacturing Marketing Insider (MMI) Annual Survey for 2015 has ranked VTech Contract Manufacturing Services at #26 of the Top 50 EMS providers worldwide.

This is an upgrading from our previous 2014 ranking at #29 worldwide.

We credit this improvement to the continued support from our current customer base and our active business development team.

In the past year, VTech CMS has brought online its newest manufacturing building, expanding our capacity even further to support our continued growth. As always, we strive for superior quality ensuring consistent customer satisfaction.

VTech CMS is expected to continue to outperform the global electronic manufacturing services (EMS) market and achieve growth for the full financial year, led by its core product areas.
